

Quirindi Sunflower Motor Inn

Why our hard working guests love staying at Sunflower...

NOVEMBER 2021

147 LODER STREET. QUIRINDI. NSW 2343

About Us...

Jules and Tina both evolved from the corporate worlds of Advertising Agencies in London and Sydney, Marketing, Printing Companies with Tina specialising in Finance and High-End Bookkeeping.

Jules and Tina are well travelled throughout the world for pleasure and business and have had various businesses over the years encompassing all our qualifications and skills within these industries.

Jules holds a certified real estate license in both QLD and NSW and is a business broker (Accommodation Business Brokers Pty Ltd), selling holiday resorts, pubs, caravan parks, management rights and of course Motels.

Why our workers tell us they prefer the Sunflower?

NOVEMBER 2021

147 LODER STREET. QUIRINDI. NSW 2343

Knowing the needs of our hard working guests is a priority for us.

At Sunflower Motor Inn we understand the needs of our workers staying for long periods, therefore we ensure they are as comfortable as possible offering 'homely' services and facilities throughout their stay.

Communal Kitchen

At Sunflower Motor Inn we know the needs of our workers staying for long periods and this is why we ensure they are as comfortable as possible during their stay with us.

We offer them a fully functional kitchen with pots, pans, cutlery, food mixers, cooker, oven, refrigerator, freezer, dishwasher and microwave.

Laundry Room

We have 2 industrial sized washing machines and 2 dryers, laundry sink, bathroom and hot and cold water fed to each machine to wash with.

We have cupboards with washing liquids, stain remover and bleach that is always stocked and available to all workers staying with us.

This facility is always welcome by our workers after a few days of staying at the Sunflower Motor Inn.

Covered BBQ Area

We know all our workers are hungry and thirsty after a hard days work. We often look after them with a few beers at the end of the day and never charge them.

They all appreciate the area we have for them in our stunning gardens at Sunflower. We also keep them warm with gas flamed heaters during the cooler evenings and offer welcoming state of the art garden lighting throughout.

New BBQ Area coming..

Due to the popularity of our gardens and existing bbq area, we will shortly be investing in and building a larger undercover and landscaped bbq area for our workers and other guests.

This new area will be more enclosed and have a built in high quality bbq, lighting and heating. Additionally it will offer phone charging, Bose WiFi music facility and a smart television for those 'footy nights' they all enjoy.

Truck & Trailer Parking

The Sunflower is the only motel business in the area and surrounding towns that can accommodate large trucks and trailers.

We have recently accommodated 6 gravel trucks each with gravel trailers for over a week. We have a side road next to the property where they can park freely. We can also fit another 2 large trucks directly out the front and also welcome work trucks and 4WD's with trailers in our own carpark.

CCTV & Lock Up for Tools

We are aware that our workers tools are valuable and part of their livelihood. We have CCTV cameras all around the property with automatic sensors for night vision.

All vehicles are parked right outside each room.

We also have a secure locked shipping container at the rear of the property offering workers a secure place to store any tools they may not be using at a particular time during their stay.

Our Rooms

All our 18 rooms all have en-suite bathrooms, microwaves, wifi, televisions, reverse cycle air-con, tea, coffee, milk, towels, linen and high quality beds and mattresses.

The bathroom has shaving cream, shampoo, body wash and hand lotion.

We service all rooms and offer clean towels daily.

Upgrades in 2021/22

We have started construction and landscaping at the rear of our property with a desert themed fire pit seating and landscaped garden area for our guests to use all year round.

We are expecting this to be complete by the end of 2021 early 2022.

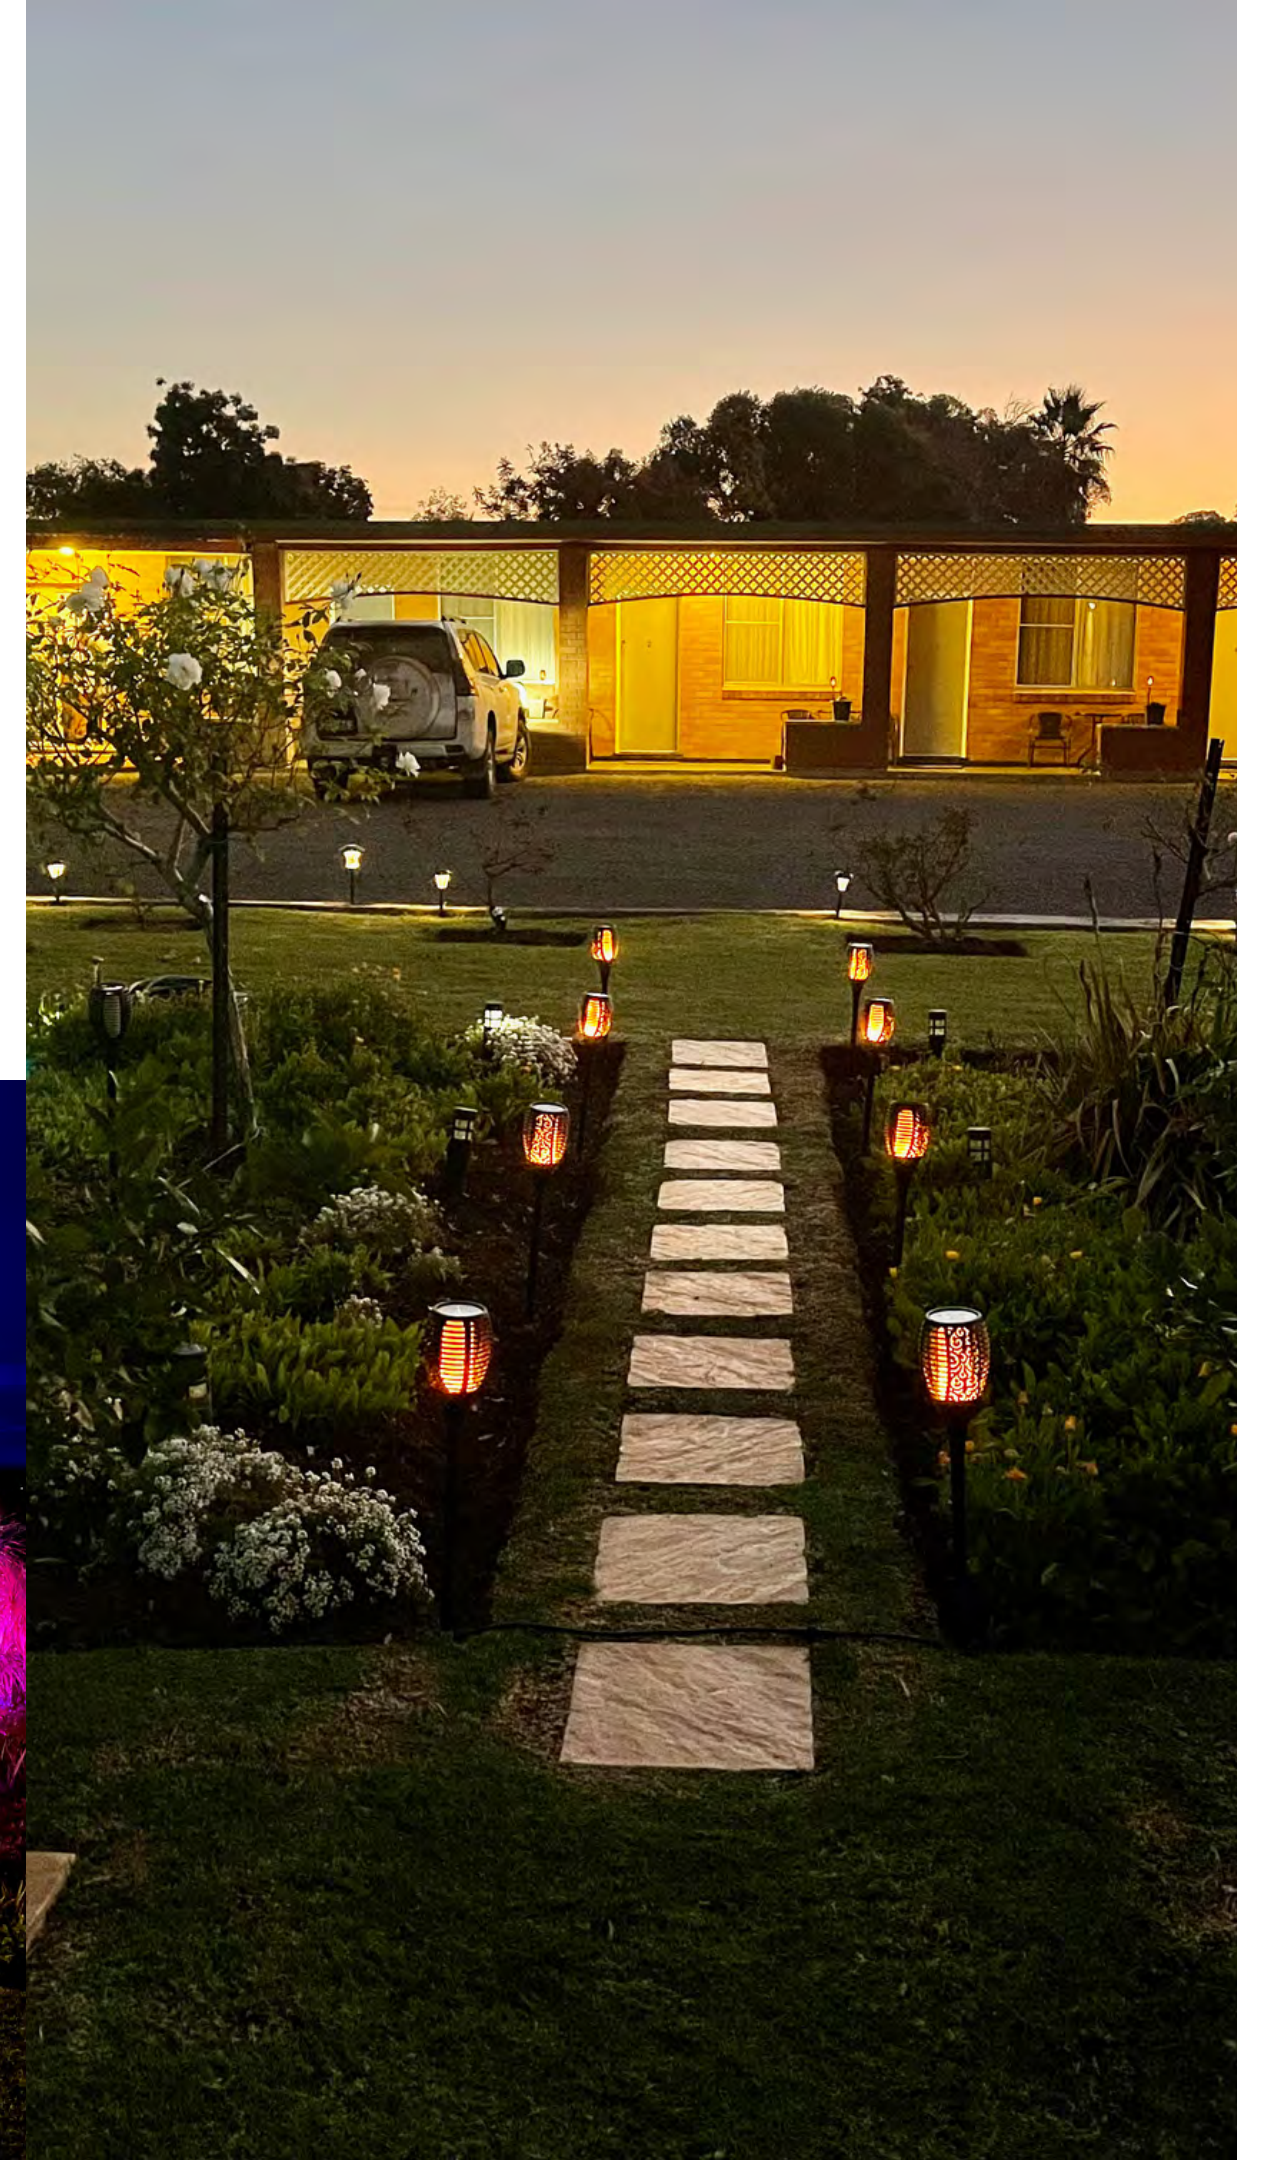

We are also planning on the installation of 6-8 fully self contained powered cabins near the desert fire pit area at the rear of the property.

Our Gardens

We are very proud to present stunning garden areas with a full array of fauna and flora for guest to wander around, relax and enjoy with a plethora of visiting butterflies and parrots.

The garden is lit in the evening with state-of-the-art garden lighting complimented with solar flames throughout for an added ambience.

Ensure to book them in early and
we will look after the rest.
